

100 Fredagsposten

Uke 16 – 17. april 2020

KALENDEREN:

Mandag 20. april – Omsorgstilbud starter opp på skolen

Mandag 20. april – Barnehagen starter opp med redusert åpningstid. Se neste side

Mandag 27. april – 1. til 4. klasse starter opp. Mer informasjon kommer til uken

De som fremdeles har **SKI** på skolen bes hente snarest.

UKENS TAVLE- TEAMS

6.klassen har laget seg terrarier

Tusen takk til
6.klassingene for
imponerende
innsats

Mat og helse har de også
hatt i hjemmeskolen

BARNEHAGEN OG 1. KLASSE

Kjære alle

Vi i barnehagen gleder oss til å se igjen barna når vi åpner igjen mandag 20. april! Men vi er også veldig spent! Selv om vi ønsker, går vi ikke tilbake til den samme barnehage-hverdagen som før det ble stengt, det blir mange nye rutiner å forholde seg til for barn og voksne.

Alle foreldre mottok e-post fra barnehagen torsdag kveld, den er det viktig at alle leser!

- Barn og ansatte med symptomer på luftveissykdommer skal holde seg hjemme
- Avdelingene er delt inn i mindre grupper (kohorter), for å redusere kontakthypighet med andre personer
- Levering og henting skal i all hovedsak forgå utendørs! Færrest mulig foreldre skal inn i barnehagen.
- Barnehagen ivaretar enda strengere hygiene- og renholdsrutiner.

For å klare å tilfredsstille alle krav til et godt smittevern, har vi redusert åpningstiden den første uken: kl. 8.00-15.30.

Ikke nøl med å ta kontakt med daglig leder Åshild Sund, eller avdelingslederen, om dere lurer på noe!

Askeladden

THE EASTER MYSTERY

It was a dark evening in England, the night before Easter Sunday. It was very dark.

Two persons, James and Charles, stood outside Buckingham Palace and looked around. They were looking for the Easter Bunny. They had an appointment with him at 6.00 a clock p.m. They were waiting for a long time, he didn't come.

It had become even darker. The two of them were the Easter Bunny's bodyguards. They were going to protect him from bad things.

They started to look for the Easter Bunny in the streets around the castle. They had to find him, otherwise the children wouldn't get any eggs for Easter. Think of all the disappointed children! They decided to leave England to go to the Easter Island, where the Easter Bunny's home was, to see if everything was okay and if he might be there.

They left in the first cab they met, to get quickly to the airport. The cab driver spent a very long time disinfecting the cab before they were allowed to get into the car. They thought he was very slow in spraying the car with Antibac. They were wondering why it was written HD on his sweater, instead of the ordinary cab-logo. They got impatient because of the slowly working cab driver and went for another one. The Easter Bunny might be in danger and they had to catch a plane!

In the end the new cab brought them safely to the airport, so they got the plane to the Easter Island. Unfortunately, the pilot refused to land on the Easter Island, they noticed he also had HD on his Sweater and that was a bit strange. Luckily, they had brought parachutes, one, two, three – out in the blue they went and landed safely on the island.

Around the Easter Bunny's home there was a tall fence. On the fence it was written HD with big letters. What is happening here? Where is the Easter Bunny? If the Easter Bunny isn't hiding eggs, there will be no Easter.

James and Charles took a check around the fence to look for a way to get in, but there was no opening. There was only a big gate, but it was locked up. James had a pocket knife with many tools, also a pliers, he could cut an opening in the fence. And then they tip toed up to the house and looked for an open window.

They looked through a window and saw the Easter Bunny all tied-up and in front of him stood the minister of health, Benny High. The boys climbed through the window and asked: "What is going on? Why have you tied-up the Easter Bunny Mr. High?"

"It's because the Easter Bunny is a big risk for the situation now, he will carry around the Corona when he is delivering the eggs for Easter. It's a hard way to keep him in a sort of quarantine. But it's for his own best, otherwise we will have to shoot him, me and my HD agents."

James said: "What about using a mask, gloves and a protection dress." The Easter Bunny said: "That's a good idea!" Benny High agrees as long as the Easter Bunny also wash all his eggs in Antibac.

And that's okay for the Easter Bunny.

The Easter is saved! Hurray!!!!
